

Yearlong IPTM Master Practitioner Application Form

The year-long Phenomenal Touch Master Practitioner Certification Program meets for ten four-day sessions spread out in intervals of approximately five to seven weeks. The tuition is \$7,000 (when paid in full) for the school year. If payment plans are required, there are two options available, both of which will add a small processing fee to each installment and require pre-authorization to charge credit card by designated dates. The two payment plan options are: Option A- three installments of \$2,435 (made one month prior to session 1, one week prior to session 5 and one week prior to session 10); or Option B- ten installments of \$750 to be paid one week prior to each session. In order to reserve a space in the Institute (limited enrollment), a non-refundable deposit of \$750, made out to IPT, must be mailed in with this application. The deposit will be deducted from the remainder of your total tuition or will be used for payment for your last session should you choose to pay each session as you go. Only if you are **not** accepted into the Institute, will your deposit be returned. The remainder of the total tuition or the individual payment for session one will be due no less than one month prior to the start of the school. All tuition paid to the school is non-refundable.

The Institute For Phenomenal Touch Massage (IPT) will enable you to become a Certified Phenomenal Touch Master Practitioner. Upon graduation, you will be able to call yourself a CPTMP and perform Phenomenal Touch Massage sessions. All of the hours accrued in this program can be used as CE Hours for National Certification, AMTA and licensing requirements. The total hours of CE's gained from this program will be 400 including practice and mentor sessions outside of class time.

In order to graduate as a Certified Master Practitioner of Phenomenal Touch Massage, you must attend, fully show up and pass all ten sessions of the training program. If an emergency arises that does not allow you to do so, you must make up the missed session before you will be able to graduate. This can be done privately or through DVDs. You must also fulfill 5 practice and 2 mentor sessions between designated sessions. Those who live out of state or do not have instructors who live nearby are only required to complete 1 mentor session between designated sessions. Additional expenses include the purchase of school manuals and DVDs for each level of massage moves and mentor sessions (arrangements for trade can be made for mentor sessions). Once accepted into the program, you are responsible for the payment of the entire training even if for some unknown reason (emergency aside) you choose not to complete the program. Applying for program does not guarantee acceptance.

IPT will teach you much more than a collection of cool moves and principles. The process of the Institute will involve a deepening of your soul. Embarking upon this program has the potential to transform your life both professionally and personally. You must be ready, eager and willing to become what you must become in order to be the best Phenomenal Touch Practitioner you can be. It is much more than just a massage school. It is a reverent, transformational, heart-opening shift in your way of being in the world. You will not only leave a much better practitioner with the capacity to earn a much better living, but you will leave a better person to boot!
